

Protocols for returning nationals from Cruise Lines

- We require a detailed list of Saint Lucian Nationals– to include names, passport information
- The cruise line including the vessel name and location
- Specific information on how Nationals will arrive in Saint Lucia either by Cruise or Air.
- Based on the mode of transportation air or cruise details are required. If by cruise ship name, date, time of arrival. By air, airline, date, and time of arrival. In either case the number of Nationals scheduled to arrive is essential information.
- This information has a specific internal process is key to alert all the relative authorities with the necessary information
- A minimum of 48 hours advance notice is required to ensure the CMO can prepare the health authorization and facilitate prepare quarantine facilities
- The Government of St. Lucia will coordinate with Customs and Immigration, Port Security and Port Health, to be available to meet arriving nationals.
- The arrival information is key for the advisement to airlines or cruise lines on process (every attempt should be made for repatriation operations to occur during the hours of port operations
- Please note all returning Nationals are required to be quarantined as a component of the country's protocol.
- All returning nationals must agree to comply with quarantine measures before boarding a vessel to Saint Lucia.
- The Nationals will be transported to the quarantined facility
- RSLPF to control the entrance to the airport/seaport
